VERDICT AGAINST A PRIEST.

John Schrieber, who is a member of the Polish Catholic Church of St. Casimir, corner of Tillary and Lawrence streets, Brooklyn, sued Rev. Joseph Niedjieski, paster of the congregation, to recover \$250. The case was examined before Justice Fisher on Friday afternoon. The plaintiff, who is a baker, alleged that he loaned the pastor the amount on February 4, 1878, with the written understanding that it was for the use of the church and would be returned whenever demanded. About the same time \$1,300 was borrowed from other members of the church for repairs that were needed on that structure. The counsel for the defence said that the money loaned to the church was really loaned to the Bishop, who held the title of all that class of real

Rev. Joseph Niedjieski testified that he had been assigned as pastor of St. Casimir's Church by the Right Rev. Bishop Loughlin, and he would not un-Right Rev. Bishop Loughlin, and he would not undertake to pay the debts of his church out of his own pocket; it was a church debt and not a personal debt; the church had been in a weak financial condition for some time, and the plaintiff's contribution was among the smallest.

Judge Fisher rendered a judgment for the plaintiff. Counsel for the defendant said that it was well known that a Catholic priest was not permitted to own anything, and, therefore, the amount named in the judgment would by, no means be collected.

DEPARTMENT NOTES.

On the same day bids will be opened for the construction of receiving basins, culverts and setting of man-

don of receiving basins, culverts and setting of manholes on the same avenue, from Harlem River to 147th street.

The Charity Commissioners on Saturday next will award contracts for the supply to a vast schedule of dry goods and groceries.

The Charity Commissioners intend to make those under their care happy on Thanksgiving Day. They have called for bids to be opened to-morrow for several thousand pounds of turkey and chicken.

The Park laborers who have been working all summer on half time are rejoiced at the prospect of the winter months. The appropriation of \$7,000 enables the Commissioners to give them full time, and it is believed this sum will bridge them over three of the severest months of the year.

THE COURTS

GRECO-PHOTO PAINTING

troubled by the differences between Henry F. Herr and Warren C. Kellogg, late partners in the Græco-

and Warren C. Keilogg, late partners in the Græco-Photo Painting Company. The first suit was commenced in the Court of Common Pleas by Kellogg against Herr, his former partner, charging him with obtaining by fraudulent pretences an amount of money which Herr appropriated to his own use. Herr was locked up in Ludiow Street Jall, but his counsel, Messrs. Howe & Hummel, succeeded in securing his discharge. Thereupon Kellogg caused Herr's arrest on a criminal charge on a warrant issued by Police Justice Duffy. After an extonded examination Herr was honorably discharged, and at once began to turn the tables on Kellogg. On the application of Messrs. Howe & Hummel Judge Lawrence, of the Supreme Court, issued an order of arrest against Kellogg, holding him to bail in \$4,000 in an action instituted by Herr for malicious prosecution, and Mr. Kellogg was arrested accordingly. His counsel yesterday applied to Judge Lawrence for a vacation of the order of arrest or a reduction of bail, which motion Judge Lawrence adjourned until to-morrow, in the meantime parolling Kellogg in the custody of his brother, who is his counsel.

The case of A. Retzger against Alfred M. Wood, revenue collector of Brooklyn, occupied the attention of Judge Shipman yesterday in the United States Circuit Court. This was an action brought to recover taxes paid by express carriers and was made a test suit for about thirty-five of a similar nature. The sum claimed in this suit is small, but in the aggregate amounts to many thousand dollars. The claim was made on the part of the plaintiff that he was simply a common carrier going from place to place, and in nowise liable to the government. Before this question was argued, assistant District Attorney Hill, who appeared for the defence, made a motion to dismiss on the ground that the suit was not brought within the statutory time. Judge Shipman decided that this motion was well made and ordered a verdict for the defendant.

FINED FOR CONTEMPT.

In the suit of James R. Colgate against the West ern Union Telegraph Company and against the Gold and Stock Telegraph Company, wherein Dr. Norvin Green and George B. Prescott, president and vice Green and George B. Prescott, president and vice president of the former and Dr. Green as president of the latter company, were some time ago arraigned for contempt of court in violating an injunction restraining them from disposing of certain insulated wires, Judge Biatchford, in the United States Circuit Court, yesterday rendered a decision. He imposed a fine of \$250 on each of the defendant corporations for the contempt, the fine to be paid to the complainant to reimburse him for counsel fees.

A decision was rendered by Judge Choate yester day, in the United States District Court, in the libel the steamer Arragon. The action was to recover \$30,000 dnuages for a collision between the vessels off Long Island, in 1877, by which the schooner was sunk. The decision awarded the libellants one-half the damages caused by the collision, and a reference was ordered to ascertain the amount.
